Fully Grown
Why a Stagnant Economy Is a Sign of Success
Dietrich Vollrath
“Vollrath offers a provocative new explanation of the slowdown in economic growth experienced by the US economy during the past two decades: we are a victim of our own success. Rising leisure, declining fertility, and the shift out of manufacturing into services explain the bulk of the slowdown in aggregate income growth. Each is a feature of a mature, developed economy, and in that sense, the slowdown may be a symbol of success rather than a sign of failure. Brilliantly supported by the latest research and engagingly presented, Fully Grown provides a startling, novel assessment of economic growth in the 21st century.”—Chad Jones, Stanford University
2019 296 p. 6 x 9 52 figures, 7 tables
1 Cloth ISBN: 978-0-226-66600-6 $27.50 Your Price: $22.00

Change Everything
Creating an Economy for the Common Good
Christian Felber
“A timely and important new vision for the purpose of economic activity, moving away from the private accumulation of wealth and towards the common good. A must read for business leaders, economists, activists, civil servants and politicians if we are to have any chance of creating an economy that meets the needs of people and the planet.”
—Duncan McCann, New Economics Foundation
““This book is required reading for anyone interested in a stronger and more equitable economy. . . . Essential.”—Choice
Distributed for Zed Books
2019 256 p. 6 x 9 52 figures, 7 tables

Out of Stock
The Warehouse in the History of Capitalism
Dara Orenstein
“By focusing on the history of the warehouse, Orenstein has excavated the surprising historical origins of a crucial cog in contemporary capitalism, without which today’s global supply chains and assembly lines would not be possible. Truly interdisciplinary and beautifully constructed, Out of Stock is a one-of-a-kind book.”—Jonathan Levy, University of Chicago
“Brilliant. . . . Through meticulous research into the rise of special zones that allow offshore economic activity to take place within US territory, Orenstein challenges our most basic assumptions about national space and capitalist time, about the infrastructures of law and the border, and about violence. This landmark historical work offers tremendous empirical insight into conceptual questions at the center of contemporary debate.”—Deborah Cowen, University of Toronto
2019 352 p. 6 x 9 93 halftones

Fighting Financial Crises
Learning from the Past
Gary B. Gorton and Ellis W. Tallman
“Financial crises are complex economic and political events, and a historical perspective is essential. In this book, two of our best financial historians distill the key lessons for policy makers and practitioners from the US banking crises of the nineteenth and early twentieth centuries. Their accounts of the crises are engaging and their analyses are insightful and persuasive.”—Ben S. Bernanke, former chairman of the Federal Reserve
“Gorton and Tallman have painstakingly recorded how US financial crises unfolded and then dissipated between 1873 and 1914, and then distilled general lessons for handling current and future crises. . . . Excellent history and shrewd analysis.”—Charles A. E. Goodhart, London School of Economics
2018 256 p. 6 x 9 14 line drawings, 12 tables
5 Cloth ISBN: 978-0-226-47951-4 $45.00 Your Price: $36.00

Last Resort
The Financial Crisis and the Future of Bailouts
Eric A. Posner
“Rather than blaming the government or the corporations . . . [Posner] emphasizes how outdated the rules regulating these corporations are and how the public would be better served in future financial crises—which he posits are largely unavoidable—by changing the law.”—Booklist
2018 272 p. 6 x 9 4 line drawings
6 Cloth ISBN: 978-0-226-42006-6 $27.50 Your Price: $22.00
Bankrupt in America
A History of Debtors, Their Creditors, and the Law in the Twentieth Century
Mary Eschelbach Hansen and Bradley A. Hansen

“Bankrupt in America is a tour de force analysis of bankruptcy legislation and its impact over the twentieth century. It shows the interplay among state and federal legislation, economic conditions, social stigma, and the role of certain individuals in accounting for changes over time and across states. The authors offer an institutional and cliometric account that deftly draws on economics, history, law and political science. It will become the reference for many scholars, and I hope legislators.”
—Lee J. Alston, Indiana University

Markets and Governments in Economic History
2020 224 p. 6 x 9 18 line drawings, 8 tables
7 Cloth ISBN: 978-0-226-67956-3 $55.00 Your Price: $44.00

Money, Power, and the People
The American Struggle to Make Banking Democratic
Christopher W. Shaw

“An engaging and enlightening history of working people’s fight against big finance. Essential reading for anyone who wants to understand the evolution of banking and politics from the Gilded Age to Occupy Wall Street.”—Christina D. Romer, former chair of the Council of Economic Advisers

Markets and Governments in Economic History
2019 400 p. 6 x 9 1 halftone
8 Cloth ISBN: 978-0-226-68633-7 $30.00 Your Price: $24.00

Bankers and Empire
How Wall Street Colonized the Caribbean
Peter James Hudson

“Bankers and Empire reveals the dirty work of institutional experimentation that enabled banks to evade regulatory restrictions, override popular opposition, and ensconce themselves in the United States’ Caribbean empire. . . . A deeply researched and important study of racial capitalism.”
—Mary A. Renda, author of Taking Haiti

Markets and Governments in Economic History
2017 368 p. 6 x 9 13 halftones, 1 table

Clashing over Commerce
A History of US Trade Policy
Douglas A. Irwin

“Irwin outlines [the] long evolution of trade politics from the mercantilist 1640s to the present, when Trump has made trade controversial again by arguing for a renewal of protectionist policies. [His] chronicle . . . traces the winding trail that has brought us to the liberal world trading order we enjoy today.”—Wall Street Journal

Markets and Governments in Economic History
2017 862 p. 6 x 9 17 halftones, 21 line drawings

Hawai‘i
Eight Hundred Years of Political and Economic Change
Sumner La Croix

“How do political and economic institutions evolve? How does the past shape the present? Sumner La Croix answers those questions in an illuminating study of Hawai‘i that links the original settlement by humans, endemic warfare among newly formed states, the arrival of Western colonizers, and finally statehood and problems today.”—Philip T. Hoffman, author of Why Did Europe Conquer the World?

Markets and Governments in Economic History
2019 376 p. 6 x 9 18 halftones, 14 line drawings
11 Cloth ISBN: 978-0-226-59209-1 $60.00 Your Price: $48.00

Spending Beyond Our Borders
Rethinking International Public Spending for a New Era
Jonathan Glennie and Gail Hurley

This book goes beyond the current focus on development aid to consider the impact of international public finance. The authors show that international public finance is rapidly evolving and argue that aligning this spending with the larger objectives of international development will be crucial.

Distributed for Zed Books
2020 256 p. 5 1/2 x 8 1/2
Making Our Neighborhoods, Making Our Selves
George C. Galster
“This is a major addition to the literature on neighborhoods . . . Galster brings clarity and precision to this literature through a unified framework of neighborhood change.” —Choice
“This important and unique book helps us understand how and why neighborhoods form and change, the many ways in which they shape our lives and opportunities, and how policies can help to make them both vibrant and inclusive.” —Ingrid Gould Ellen, author of Sharing America’s Neighborhoods
2019 416 p. 6 x 9 31 halftones, 5 tables
Cloth ISBN: 978-0-226-59985-4 $55.00 Your Price: $44.00

Rethinking America’s Highways
A 21st-Century Vision for Better Infrastructure
Robert W. Poole
“Poole offers a well-reasoned transition from the failing 20th-century highway model to one that can sustain and support our country for the 21st century.” —Mary Peters, former US Secretary of Transportation
“Robert Poole’s bold, innovative thinking on infrastructure could not come at a better time. He provides a comprehensive analysis of the endemic, seemingly intractable problems facing our nation’s infrastructure, and offers a practical set of solutions.” —Rick Geddes, Cornell University
2018 352 p. 6 x 9.5 halftones, 2 line drawings
Cloth ISBN: 978-0-226-55757-1 $30.00 Your Price: $24.00

Bulls Markets
Chicago’s Basketball Business and the New Inequality
Sean Dinces
Historical Studies of Urban America
2018 336 p. 6 x 9.46 halftones, 25 tables
Cloth ISBN: 978-0-226-58321-1 $45.00 Your Price: $36.00

Trading Spaces
The Colonial Marketplace and the Foundations of American Capitalism
Emma Hart
“A compelling addition to the history of capitalism, Trading Spaces reminds us that globalization’s current realities have deep roots in the early modern era. Hart explores the shift from marketplaces to markets through the lens of colonization, revealing how the explosion of global trade gave rise to clashing visions about people’s interactions with markets, with consequences for both America’s independence and its capitalist future.” —Margaret Newell, author of Brethren by Nature
“I can see no other book that makes clear the significance of market practice to the evolution of economic relations, political economy, and imperial politics in the way that Trading Spaces does.” —Joanna Cohen, author of Luxurious Citizens
American Beginnings, 1500-1900
2019 296 p. 6 x 9 10 halftones, 1 table
Cloth ISBN: 978-0-226-65981-7 $45.00 Your Price: $36.00

America, Compromised
Lawrence Lessig
“America, Compromised is about the country in the Trump era, but not about Trump. . . . [Lessig’s] focus is not on bad people doing bad things, but on how incentives across a range of institutions have created corruption, with deleterious consequences for the nation.” —New York Times Book Review
“Lessig lays out a working definition and theory of corruption that is at once simple and comprehensive, a devastating argument that America is racing for the cliff’s edge of structural, possibly irreversible tyranny.” —Cory Doctorow
Berlin Family Lectures
2018 240 p. 5 1/2 x 8 1/2 8 halftones, 1 table
Paper Dragons
China and the Next Crash
Walden Bello
In this book, Bello traces our recent history of financial crises and predicts that China might be the site of the next crash. Paper Dragons is a must-read for anyone wishing to prevent the next financial meltdown.

“A stark warning about the vulnerable state of global financial markets from one of our most acute and prescient thinkers.”—Naomi Klein, author of This Changes Everything

Distributed for Zed Books
2019 288 p. 5 1/2 x 8 1/2

A Land of Milk and Butter
How Elites Created the Modern Danish Dairy Industry
Markus Lampe and Paul Sharp
“The success of butter exports in the second half of the nineteenth century propelled Denmark from relative poverty on a development path which transformed it into one of the wealthiest European countries. This book puts forward a novel interpretation of this success story that offers relevant insights for would-be imitators of the ’Danish model.’”—Giovanni Federico, Università di Pisa

Markets and Governments in Economic History
2018 320 p. 6 x 9 10 halftones, 29 line drawings
19 Cloth ISBN: 978-0-226-54950-7 $65.00 Your Price: $52.00

Beyond Debt
Islamic Experiments in Global Finance
Daromir Rudnyckyj
“This book sets a new standard for the ethnography of global finance. . . . Beyond Debt is a major corrective to our dominant Euro-American understandings of debt, equity, risk, and profit, and thus offers new ideas for both theory and practice.”—Arjun Appadurai, New York University

2019 288 p. 6 x 9 18 halftones

Currency Statecraft
Monetary Rivalry and Geopolitical Ambition
Benjamin J. Cohen
“Cohen has virtually unparalleled knowledge of the history and politics of international currencies, and this book is a definitive assessment. It sheds considerable light on the emergence, maturity, and decline of international currencies since World War II.”—Barry Eichengreen, University of California, Berkeley

“Currency Statecraft displays all the characteristics that have earned Cohen his reputation as the world’s leading analyst of the politics of global money: it is readable, thoughtful, fascinating, and provocative. Building on his seminal past work, Cohen highlights important relationships between international currencies, power, and geopolitical ambition. . . . A crucial read for anyone interested in the future of money in this age of geopolitical uncertainty.”—Eric Helleiner, University of Waterloo

2019 208 p. 6 x 9 2 tables

Cigarettes, Inc.
An Intimate History of Corporate Imperialism
Nan Enstad
“Essential. . . In Cigarettes, Inc., Enstad brings the tools of a master cultural historian to the relatively staid genre of corporate history. . . . Global in scope, ambitious in conception, and meticulous in execution, Enstad's book is a provocative must-read for historians of capitalism and imperialism alike.”—Choice

2018 336 p. 6 x 9 35 halftones

Trading for Good
How Global Trade Can be Made to Serve People not Money
Christian Felber
Distributed for Zed Books
2020 256 p. 5 1/2 x 8 1/2
Basic Income Experiments
*Theory, Practice and Politics*
**Jurgen De Wispelaere and Evelyn Forget**
Basic income remains a controversial policy proposal, as both policymakers and the public question its feasibility, costs, and social consequences. As a result, basic income experiments are being set up around the world to better inform policymakers’ decisions. This book offers a detailed review of basic income experiments in order to examine the value of and complications inherent in conducting such experiments, and to provide best-practice guidelines for future social experimentation and policy development.

**Distributed for Policy Press**
2020 160 p. 5 x 7/8

Too Much Stuff
*Capitalism in Crisis*
**Kozo Yamamura**
“In our world of ‘necessary luxuries,’ incorrect investment incentives, disparate and worsening income distribution, this cogent, important, skeptical, provocative analysis proposes what must change in the United States, Japan, Germany, and elsewhere.”—Hugh Patrick, Columbia Business School

“A bold and heterodox diagnosis of capitalism’s illness and a bracing prescription: It’s time for government to invest in basic needs, rather than encouraging us to make and buy growing mounds of junk. We will be talking about this book for years.”—Walter Hatch, Colby College

**Distributed for Policy Press**
2017 224 p. 6 x 9/16

Good Finance
*Why We Need a New Concept of Finance*
**Vedat Akgiray**
In this guidebook toward a more equitable future, Akgiray pinpoints “good finance” as the essential ingredient for social and economic wellness at the national level. Outlining the causes of financial crises and their socioeconomic effects, this book offers a clear platform for revising our current big-picture financial concepts so that they can better serve a greater swath of society.

**Distributed for Bristol University Press**

Free Public Transit
*And Why We Don’t Pay to Ride Elevators*
**Edited by Jason Prince and Judith Delheim**
**Distributed for Black Rose Books**
2018 250 p. 6 x 9 3/8 halftones
Slices and Lumps
Division and Aggregation in Law and Life
Lee Anne Fennell
Fennell explores how two types of configuration challenges—carving out useful slices and assembling useful lumps—surface in myriad contexts. With a technology-fueled entrepreneurial explosion underway that is dividing goods, services, and jobs in novel ways, and as urbanization and environmental threats raise the stakes for assembling resources and cooperation, this is a crucial time to confront questions of slicing and lumping. This book reveals configuration’s power and potential—as a unifying concept and as a focus of innovation.
2019 320 p. 6 x 9 1 halftone, 7 line drawings
$35.00 Your Price: $28.00

Hayek and the Evolution of Capitalism
Naomi Beck
“Beck imparts a clarity to Hayek’s theory of cultural evolution that can sometimes remain elusive in Hayek’s own writings. It will prove incredibly useful and illuminating for readers from backgrounds in intellectual history, the history of science, and the history of economic thought.”—Paul H. Erickson, Wesleyan University
2018 208 p. 6 x 9
$40.00 Your Price: $32.00

Accounting for Capitalism
The World the Clerk Made
Michael Zakim
“Zakim shows how human capital became the bedrock of modern capitalism, by examining delightful correspondences between man and market. . . . The book abounds with such nifty echoes between persons and profits, which Zakim draws out of magazines, pamphlets, and other 19th-century texts.”—Public Books
2018 272 p. 6 x 9 26 halftones
$25.00 Your Price: $20.00

Economical Writing, Third Edition
Thirty-Five Rules for Clear and Persuasive Prose
Deirdre N. McCloskey
“If you want to be read (and who doesn’t) and be remembered (better yet), Economical Writing is for you. This entertaining volume will teach you how to write meaningful and joyful economics. A dose of McCloskey banishes the dismal from the ‘dismal science.’ McCloskey is the Strunk and White of economics, and Economical Writing should be required reading for all economists.”—Claudia Goldin, Harvard University
2019 176 p. 5 1/2 x 8 1/2 3 halftones
$14.00 Your Price: $11.20

Crossing
A Transgender Memoir
Deirdre N. McCloskey
“This is a woman worth knowing. She has given us a highly readable, dramatic account of her crossing.”—New York Times Book Review
2019 320 p. 6 x 9 32 halftones
$19.00 Your Price: $15.20

Great Economic Thinkers
An Introduction—from Adam Smith to Amartya Sen
Edited by Jonathan Conlin
Great Economic Thinkers presents an accessible introduction to the lives and works of thirteen of the most influential economists of modern times. Free from confusing jargon and equations, the book describes key concepts put forward by these thinkers and shows how they have come to shape our society.
Distributed for Reaktion Books
